

Dear Sir,  
Now that Powers  
is back I think that in  
view of the facts he should  
be given a speedy military  
trial and shot at sunrise as  
a traitor.

In fact I think that  
Russia should have done it.  
He is a spy to Russia and  
a traitor to the U.S.

No doggone good to  
anybody.
